

Iris LED surface-mounted wall luminaire, direct-indirect beam

Design
M. Kocks, P. H. Neuhorst

IRIS-W-LED 4080-840

Direct-indirect beam ring-shaped luminaire made of highly transparent plastic. The rotationally symmetrical, flame retardant and impact resistant luminaire housing is slightly offset from the wall. Glare reduction by means of round diffuser panel made of highly transparent plastic with microprism structure which clips in from the front. Central round white powder-coated steel panel to cover the gear tray and for wall mounting. All metal parts are powder coated.

Colour: housing – transparent; ceiling box similar to RAL 9016 White silk matt. Colour accentuation of the housing possible by inserting a separately available colour inlay film. LED: 3 LED ring segment boards for direct lighting component and 3 LED ring segment boards for indirect lighting component.

Safety class I

Protection rating IP20
