

Pergament U Line

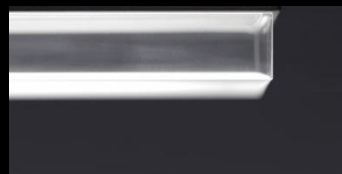

Where is the light coming from?

LED

Imagine an LED luminaire where it is impossible to tell where the light is coming from. The pleasant diffuse light is produced by the matt surface finish and gives an appealing diamond like appearance. The super polished sharp edged dropped element is unique to Spectral. It is part of a family of Pergament products.

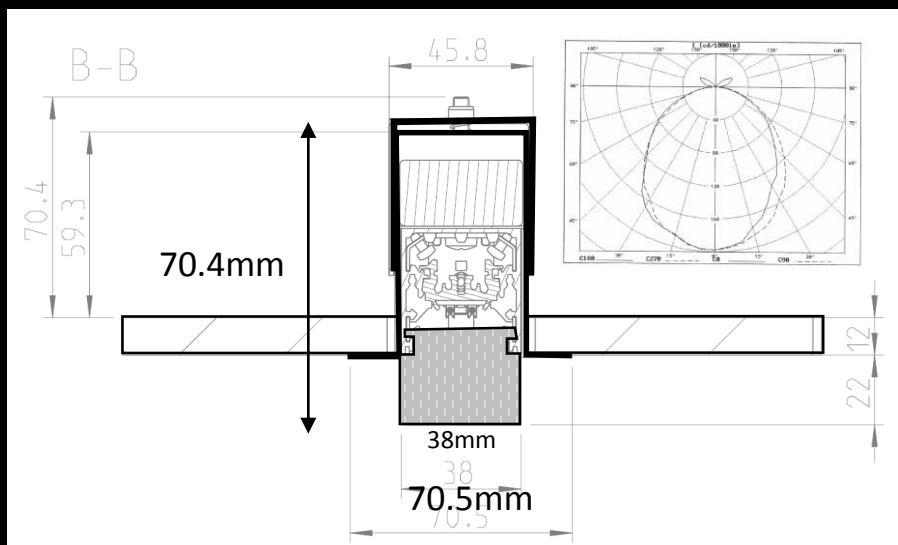

Only 40mm wide. A soft diffusion back onto the ceiling. Integral Dali dimmable power supply. In house manufactured LED PCB using Samsung chips with a parts availability of up to ten years, guaranteed.

Pergament LED Linear makes a compelling change to the norm.

Spectral Pergament systems

XU-LINE-ME PERGA. 1580/840 Product Specification data:

Power:	35 watts
Cri:	85+
Led:	in house manufactured PCB's with Samsung chips
Lumens:	3660lm
IP rating:	IP20
