

Stora Rectangular LED surface-mounted luminaire

STORA-PA-LED 7800/840 OS-DA

Rectangular luminaire element with an opal acrylic glass panel mounted in a profile frame made of power-coated aluminium. The frame is screwed to the powder-coated metal gear tray body. The underneath of the metal body accommodates the lamp formed as a rectangular LED flat board, the top houses the electrical components. The indirect lighting component is provided by recesses in the top of the metal body. Mechanical ceiling fixture to a white powder-coated mounting box takes place using a connecting spring, electrical connection by means of a plug and socket system. The luminaire is configured with heat-resistant wiring. Homogeneous illumination of the light surface. Suitable for ceiling or wall mounting. Light colour 4000 K (840), dimmable. Protection rating IP20, safety class I.

Colour:

Frame - similar to RAL 9016 white silk matt
